EURO MEDIUM TERM NOTE PROGRAMME

Under this €6,000,000,000 Euro Medium Term Note Programme (the **Programme**), Statkraft AS (the **Issuer**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €6,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein. A description of the restrictions applicable at the date of this Offering Circular relating to the maturity of certain Notes is set out on page 7.

The Notes may be issued on a continuing basis to one or more of the Dealers specified on page 6 and any additional Dealer appointed under the Programme from time to time (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

Notes may be issued in bearer form (**Bearer Notes**), registered form (**Registered Notes**) or uncertificated book entry form cleared through the Norwegian Central Securities Depository, the *Verdipapirsentralen* (**VPS Notes** and the **VPS**, respectively).

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “Risk Factors”.

Application has been made to the Financial Services Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (the **UK Listing Authority**) for Notes issued under the Programme during the period of 12 months from the date of this Offering Circular to be admitted to the official list of the UK Listing Authority (the **Official List**) and to the London Stock Exchange plc (the **London Stock Exchange**) for such Notes to be admitted to trading on the London Stock Exchange’s regulated market.

References in this Offering Circular to Notes being **listed** (and all related references) shall mean, in the case of Notes other than VPS Notes, that such Notes have been admitted to trading on the London Stock Exchange’s regulated market and have been admitted to the Official List, and in the case of VPS Notes, that such Notes have been admitted to listing on the Oslo Stock Exchange. The London Stock Exchange’s regulated market is a regulated market for the purposes of Directive 2004/39/EC (the **Markets in Financial Instruments Directive**).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under “*Terms and Conditions of the Notes*”) of Notes will be set out in a final terms supplement (the **Final Terms**) which, with respect to Notes to be listed on the London Stock Exchange, will be delivered to the UK Listing Authority and the London Stock Exchange.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes of each Tranche will initially be represented by either a Temporary Global Note, a Permanent Global Note, a Regulation S Global Note, a Restricted Global Note and/or Definitive Registered Notes (each as defined below) as indicated in the applicable Final Terms. See “*Form of the Notes*” below.

The Issuer may agree with any Dealer and the Trustee (as defined herein) that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplementary Offering Circular, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The rating of certain Series of Notes to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to relevant Series of Notes will be issued by a credit rating agency established in the European Union and Registered under Regulation (EC) No. 1060/2009 (the **CRA Regulation**) will be disclosed in the Final Terms.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

Risk factors specific to the Issuer

General

The Issuer operates in a capital intensive, competitive market. In addition to the traditional hydro-power based production and supply of electricity within the domestic market, the Issuer has over time expanded into the international markets, and made significant investments into renewable energy projects. Statkraft's performance and prospects depend on a number of factors, some of which may be beyond its control, in whole or in part, such as general market trends and developments, changes in the competitive landscape, regulatory changes and/or developments regarding stimuli for alternative energy sources, implicit dependency on climate and resulting exposure to changes in climate or precipitation patterns and general market conditions. No assurance can be given that the Issuer will be able to continue its profitable track-record on a consistent basis in the medium term.

Competitive situation

Statkraft is increasingly competing in the international marketplace where renewable energy and other sources of power are on the rise in a competitive marketplace. Domestically, the Norwegian competition authority is monitoring the Norwegian electricity market. Competition law requirements as well as the general commercial competition may affect the Group's ability to maintain and develop its business.

State-ownership of Statkraft

Political and economic policies of the Norwegian State could affect Statkraft's business and financial condition. This may be reflected in decisions relating to the pursuance of Statkraft's commercial and financial interests, including those relating to dividend distribution policy and/or its strategy on development, production and trading of electricity.

Business specific risk factors

Regulatory Issues

The business framework within which Statkraft operates is influenced by political decisions, including tax regulations (including environmental taxes), grid regulation (including the revenue scheme), the reversion scheme, changes in the minimum water flow regulations and instructions from the Norwegian Water Resources and Energy Directorate (NVE), as well as the general conditions and regulations set for the industry at large in the Norwegian and other relevant markets. These factors may influence Statkraft's hydro power production capacity, revenue or profits.

In addition, the EU and international regulatory framework may influence the supply and demand for electricity and hence the price of electricity as well as generation costs. This is true both for greenhouse gas emission allowances and for support schemes for new renewable generation capacity. Although Statkraft's hydropower and wind production is carbon dioxide free, the price of emission rights is transferred into the wholesale electricity market and will influence Statkraft indirectly through the power price. Governments within and outside Europe have high ambitions to increase the share of renewables in the electricity generation mix. In order to incentivize investments in new renewables, attractive support schemes have been established to enhance the profitability of otherwise non-competitive technologies. For many investments, Statkraft is relying on such support. Therefore, the retention of support schemes

and markets is important, and changes in or abolishment of these schemes have a direct influence on Statkraft's revenue or profits.

Environmental Issues

Statkraft is subject to a number of different environmental laws, regulations, environmental expectations and reporting requirements. Costs are incurred for prevention, control, abatement or elimination of releases into the air and water, as well as in the disposal and handling of wastes at operating facilities. Expenditures of a capital nature include remedial measures on existing power facilities, measures arising from the construction of new power facilities and power lines and the regulation of water flow all of which could impact materially on Statkraft's results, as could liability due to failure for any reason to satisfy applicable requirements.

Generation

Hydrological balance

A major part of the current electricity generation capacity of Statkraft and its subsidiaries (the **Group**) comes from hydropower plants, most of which are situated in Norway. The hydro reservoir levels can vary considerably from year to year, and the hydrological balance may affect both the price of electricity and the capacity available and may significantly impact upon Statkraft's revenues.

Gas fired generation facilities

Besides the hydropower plants, the gas fired generation facilities account for a substantial portion of Statkraft's total generation capacity. Through these facilities Statkraft is exposed to risk factors such as the differential between gas and electricity prices. A negative development in the price differential between electricity and gas may negatively impact upon Statkraft's financial performance. The plants also emit carbon dioxide and other so called greenhouse gases. Availability and price changes on emission rights may also negatively impact upon Statkraft's financial performance.

Generation asset downtime and Third Party Liability

Operational irregularities or failure to keep hydro generation or other production assets running (whether due to accident or otherwise) may cause a drop in generation revenues.

Potential dam-break flooding following damage to Statkraft's water reservoirs and appurtenant structures represents a potential hazard to third parties. Accidents related to other parts of Statkraft's operations and products may also cause damage to third party property or persons. Such claims may not be recoverable through applicable insurance cover or otherwise.

Substitute energy sources

Different energy sources are substitutes for each other and can be correlated in a manner which may influence Statkraft's revenues and/or profitability. Coal, gas and oil are the main drivers for electricity prices in Europe, and the price level in Europe influences the electricity prices in Norway and the Nordic region. New technologies and new generation methods may also influence the future price development and hence the competitiveness of hydro power generators.

Weather Related Risks

Statkraft's operations, including its generation capacity, can be affected by climate changes relating, inter alia, to changes in precipitation patterns. Furthermore, severe weather conditions can impact on Statkraft's ongoing operations as well as on its capex levels. Both climate change and severe weather conditions may negatively impact upon Statkraft's financial performance.

Counterparty Risks

The Group has major customers and substantial counter party exposures in its energy sales and trading operations. Default by one or more of such customers or counterparties may adversely affect the financial results of the Group.

Demand for electricity

Statkraft is predominantly exposed to the wholesale electricity market, which is considered as being more volatile in nature than the retail market. There is also a risk of reduction in demand for electricity caused

by *inter alia* structural changes within the energy intensive process industry, with potential impact on the Group's future profits.

Risks Related to Investment Activities

The Group runs ongoing investment programmes to update and renew its portfolio of assets. The ability to manage these investment programmes within set time and cost frames is vital for profitability.

In order to prepare for the future, and to comply with its stated strategy of being an innovative and leading player in the energy market, the Group has invested in projects within renewable energy. Inherent project risk, and changes to regulatory conditions, financing regimes and political trends, may affect the liability of these investments, and as a result, the financial condition of the Group.

Hedging, Trading and Structured Sales

The main goal for Statkraft's hedging operation is to identify and manage financial risk in connection with the electricity market. Losses in relation to these hedging operations could be caused by the occurrence of (but not limited to) the following events:

- (i) Statkraft uses forward instruments in its management of its exposure to the electricity market. Major movements in forward prices caused by events in the relevant market could prove that the assumptions made in the risk models were insufficient and, as a consequence, losses could occur.
- (ii) Incorrect trade collection and/or reporting, intentional or unintentional, caused by errors in either the front or back-offices could have the effect that internal risk measurement systems are unable to correctly measure the Group's exposure, which in turn could lead to unexpected losses.

The Group frequently trades financial energy products with industrial enterprises, power producers and distribution companies on a bilateral basis and via power exchanges throughout Europe. The Group furthermore enters into contracts with large customers specially designed to accommodate the needs of the individual customer. Trading activities and structured sales may have a negative effect on Statkraft's profitability.

Risk of Losses in Treasury Operations

Losses in relation to treasury operations could be caused by the occurrence of (but not limited to) the following events:

- (i) Statkraft uses interest rate and currency instruments in its management of its interest rate and foreign exchange exposure. Movements in interest rates and/or the value of currencies could cause losses on the hedging transactions.
- (ii) Incorrect trade collection and/or reporting, intentional or unintentional, caused by errors in either the front or back-offices could have the effect that internal risk measurement systems are unable to correctly measure the Group's exposure, which in turn could lead to unexpected losses.
- (iii) Statkraft may assume counterparty exposure in its treasury operations by entering into financial contracts. Default by a counterparty under such a contract could put Statkraft's claims at risk and/or cause losses by settlement exposure with such counterparty.

Funding and refinancing risk

Statkraft depends on the availability of funding and credit to finance future development plans and projects and/or to refinance existing facilities and debt. No assurance can be given that the capital markets and/or syndication markets in which banks operate will be accessible and able to provide debt finance in such amounts and on such terms as may be required at the relevant time.

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;

- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a **Relevant Factor**). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes and the suitability of such Notes in light of its particular circumstances.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification and Waiver

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State.

However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland) with effect from the same date.

The European Commission has proposed certain amendments to the Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Offering Circular.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Reliance on DTC, Euroclear and Clearstream, Luxembourg procedures

Notes issued under the Programme may be represented on issue by one or more Global Notes that may be deposited with a common depository, or as the case may be, a common safekeeper for Euroclear and Clearstream, Luxembourg or may be deposited with a custodian for and registered in the name of a nominee of DTC. Interests in a Global Note will only be exchangeable for Notes in definitive form in the circumstances described in the relevant Global Note. Each of DTC, Euroclear and Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in each Global Note held through it. While the Notes are represented by a Global Note, investors will be able to trade their beneficial interests only through the relevant clearing systems and their respective participants.

While the Notes are represented by Global Notes, the Issuer will discharge its payment obligation under the Notes by making payments through the relevant clearing systems. A holder of a beneficial interest in a Global Note must rely on the procedures of the relevant clearing system and its participants to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in any Global Note.

Holders of beneficial interests in a Global Note will not have a direct right to vote in respect of the Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant clearing system and its participants to appoint appropriate proxies.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (the **CRA Regulation**) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents, which have previously been published and have been filed with the Financial Services Authority, shall be incorporated in, and form part of, this Offering Circular:

Following the publication of this Offering Circular a supplement may be prepared by the Issuer and approved by the UK Listing Authority in accordance with Article 16 of the Prospectus Directive. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Offering Circular or in a document which is incorporated by reference in this Offering Circular. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Offering Circular.

Copies of documents incorporated by reference in this Offering Circular can be obtained from the registered office of the Issuer and from the specified offices of the Paying Agent for the time being in London.

Any documents themselves incorporated by reference in the documents incorporated by reference in this Offering Circular shall not form part of this Offering Circular.

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Offering Circular which is capable of affecting the assessment of any Notes, prepare a supplement to this Offering Circular or publish a new Offering Circular for use in connection with any subsequent issue of Notes. The Issuer has undertaken to the Dealers in the Programme Agreement (as defined in “*Subscription and Sale*”) that they will comply with section 87G of the Financial Services and Markets Act 2000.

FORM OF THE NOTES

The Notes of each Series will be in bearer form, with or without interest coupons attached, registered form, without interest coupons attached or, in the case of VPS Notes, uncertificated book entry form. Bearer Notes will be issued outside the United States in reliance on Regulation S and Registered Notes will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States in reliance on Rule 144A or otherwise in private transactions that are exempt from the registration requirements of the Securities Act.

Unless otherwise provided with respect to a particular Series of Registered Notes, the Registered Notes of each Tranche of such Series offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Note which will be deposited with a custodian for, and registered in the name of a nominee of, the Depositary Trust Company (**DTC**) for the accounts of Euroclear and Clearstream, Luxembourg. With respect to all offers or sales by a Dealer of an unsold allotment or subscription and in any case prior to expiry of the Distribution Compliance Period applicable to each Tranche of Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person (save as otherwise provided in Condition 2) and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer. Regulation S Global Notes will be exchangeable for Definitive Registered Notes only in the limited circumstances as more fully described in Condition 2. Terms used in this paragraph shall have the meanings given to them by Regulation S.

Registered Notes of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions: (i) to QIBs; or (ii) to Institutional Accredited Investors and who execute and deliver an IAI Investment Letter (as defined in the *Terms and Conditions of the Notes*) in which they agree to purchase the Notes for their own account and not with a view to the distribution thereof.

The Registered Notes of each Tranche sold to QIBs will be represented by a Restricted Global Note which will be deposited with a custodian for, and registered in the name of a nominee of, DTC. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described in Condition 2 to receive physical delivery of Definitive Registered Notes.

The Registered Notes of each Tranche sold to Institutional Accredited Investors will be in definitive form, registered in the name of the holder thereof. Such Definitive Registered Notes issued to Institutional Accredited Investors and any Restricted Global Notes will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal of the Registered Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register at the close of business on the business day immediately prior to the relevant payment or delivery date. Payments of interest on Registered Notes will be made on the relevant payment date to the person in whose name such Notes are registered on the Record Date (as defined in Condition 6) immediately preceding such payment date. None of the Issuer, the Principal Paying Agent, any Paying Agent, the Exchange Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Each Tranche of Bearer Notes will be initially represented by a Temporary Global Note or a Permanent Global Note (as specified in the applicable Final Terms) without receipts, interest coupons or talons. If the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, the Temporary Global Note will be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank S.A./N.V. (**Euroclear**) and Clearstream Banking, société anonyme (**Clearstream, Luxembourg**), and if the Global Notes are not intended to be issued in NGN form, the Temporary Global Note will be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for, Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system. Whilst any Bearer Note is represented by a Temporary Global Note, payments of principal and interest (if any) and any other amount payable in respect of the Notes prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale

to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, as applicable, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either (a) for interests in a Permanent Global Note of the same series without receipts, interest coupons or talons or (b) for definitive Bearer Notes of the same series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms) in each case against certification of beneficial ownership as described in the second sentence of the immediately preceding paragraph unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Bearer Notes is improperly withheld or refused. Each exchange of an interest in a Temporary Global Note for an interest in a Permanent Global Note or definitive Bearer Notes, as the case may be, and each exchange of an interest in a Permanent Global Note for definitive Bearer Notes, shall be made outside the United States.

Payments of principal, interest (if any) or any other amount on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached only upon the occurrence of an Exchange Event as described therein. **Exchange Event** means (i) an Event of Default (as defined in Condition 10) has occurred and is continuing, (ii) the Issuer has been notified that either Euroclear or Clearstream, Luxembourg has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no alternative clearing system satisfactory to the Trustee is available or (iii) the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 8 which would not be required were the Notes represented by the Permanent Global Note in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the common depositary or the common safekeeper for Euroclear and Clearstream, Luxembourg, as the case may be, on their behalf (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*” below) the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned (where applicable) a CUSIP number, a common code and/or an ISIN which are different from the CUSIP number, common code and/or ISIN assigned to Notes of any other Tranche of the same Series until the end of the Distribution Compliance Period. At the end of the Distribution Compliance Period, the CUSIP number, common code and ISIN, as the case may be, thereafter applicable to the Notes of the relevant Series will be notified by the Principal Paying Agent to the relevant Dealer.

All Notes, other than VPS Notes, will be issued pursuant to the Agency Agreement.

For so long as any of the Notes is represented by a bearer global Note deposited with a common safekeeper or a common depositary for Euroclear and Clearstream, Luxembourg or so long as DTC or its nominee is the registered holder of a Registered Global Note or so long as a Note is a VPS Note, each person who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg or DTC or the VPS, as the case may be, as entitled to a particular nominal amount of Notes (in which regard any certificate or other document issued by Euroclear, Clearstream, Luxembourg or DTC or its nominee or the VPS as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be deemed to be the holder of such

nominal amount of such Notes for all purposes other than (in the case only of Notes not being VPS Notes) with respect to the payment of principal or interest on the Notes, for which purpose such common depositary or common safekeeper or, as the case may be, DTC or its nominee shall be deemed to be the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note and the Agency Agreement (and the expression **Noteholder** and related expressions shall be construed accordingly).

No beneficial owner of an interest in a Registered Global Note will be able to exchange or transfer that interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case, to the extent applicable.

Each Tranche of VPS Notes will be issued in uncertificated and dematerialised book entry form. Legal title to the VPS Notes will be evidenced by book entries in the records of the VPS. Issues of VPS Notes will be constituted by the Trust Deed. On the issue of such VPS Notes, the Issuer will send a letter to the Trustee, with copies sent to the Issuing and Principal Paying Agent and the VPS Account Manager (the **VPS Letter**), which letter will set out the terms of the relevant issue of VPS Notes in the form of Final Terms attached thereto. On delivery of a copy of such VPS Letter, including the applicable Final Terms, to the VPS and notification to the VPS of the subscribers and their VPS account details by the relevant Dealer, the account operator acting on behalf of the Issuer will credit each subscribing account holder with the VPS with a nominal amount of VPS Notes equal to the nominal amount thereof for which it has subscribed and paid.

Settlement of sale and purchase transactions in respect of VPS Notes in the VPS will take place three Oslo business days after the date of the relevant transaction. Transfers of interests in the relevant VPS Notes will take place in accordance with the rules and procedures for the time being of the VPS.

The following legend will appear on all global Bearer Notes and definitive Bearer Notes which have an original maturity of more than 365 days, and on all receipts, interest coupons and talons relating to such Notes:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code of 1986.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Bearer Notes, receipts or interest coupons.

Any reference in this section “*Form of the Notes*” to Euroclear and/or Clearstream, Luxembourg and/or DTC and/or the VPS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Principal Paying Agent and the Trustee.

No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

Upon the transfer, exchange or replacement of Legended Notes, or upon specific request for removal of a Legend, the Registrar shall (save as provided in Condition 2(d)) deliver only Legended Notes or refuse to remove such Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Subject as otherwise provided in Condition 2, Definitive Registered Notes may be exchanged or transferred in whole or in part in the Specified Denominations for one or more Definitive Registered Notes of like aggregate nominal amount.

Each Definitive Registered Note will be numbered serially with an identifying number which will be recorded in the register (the **Register**) which the Issuer shall procure to be kept by the Registrar.

The holder of a VPS Note will be the person evidenced as such by a book entry in the records of the VPS. Title to the VPS Notes will pass by registration in the registers between the direct or indirect accountholders at the VPS in accordance with the rules and procedures of the VPS. Where a nominee is so evidenced, it shall be treated by the Issuer as the holder of the relevant VPS Note.

For so long as any of the Bearer Notes is represented by a bearer global Note held by a common safekeeper or a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear, or Clearstream, Luxembourg who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg, as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg, as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, any Paying Agent, the Registrar, the Exchange Agent, any Transfer Agent and the Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer, any Paying Agent, the Registrar, the Exchange Agent, any Transfer Agent and the Trustee as the holder of such Notes in accordance with and subject to the terms of the relevant global Note; for so long as any Note is a VPS Note, each person who is for the time being shown in the records of the VPS as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by the VPS as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, any Paying Agent, and the Trustee as the holder of such nominal amount of such Notes for all purposes;

for so long as any of the Notes is represented by a Registered Global Note, DTC or its nominee, as the case may be, will be considered the sole holder of Notes represented by such Registered Global Note for all purposes under the Agency Agreement and the Notes except to the extent that in accordance with DTC's published rules and procedures any ownership right may be exercised by its participants or beneficial owners through its participants; (and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly). In determining whether a particular person is entitled to a particular nominal amount of notes as aforesaid, the Trustee may rely on such certificate or other document as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error or proven error, be conclusive and binding on all concerned. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's Creation Online System) in accordance with its usual procedures and in which the holder of a particular principal amount of Notes is clearly identified together with the amount of such holding. The Trustee shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by Euroclear or Clearstream, Luxembourg and subsequently found to be forged or not authentic.

Notes which are represented by a global Note and VPS Notes will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg, DTC and/or the VPS, as the case may be.

References to Euroclear, Clearstream, Luxembourg, DTC and/or the VPS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Trustee and the Principal Paying Agent and specified in the applicable Final Terms.

and in each case, in accordance with any applicable securities laws of any state of the United States or any other jurisdiction.

Notes transferred by Institutional Accredited Investors to QIBs pursuant to Rule 144A or outside the United States pursuant to Regulation S will be eligible to be held by such QIBs or non-U.S. investors through DTC and the Registrar will arrange for any Notes which are the subject of such a transfer to be represented by the appropriate Registered Global Note, where applicable.

- (b) For the purposes of these Conditions, **Note Issue** shall mean an issue of debt securities which is, or is intended to be, or is capable of being, quoted, listed or dealt in on any stock exchange, over-the-counter or other securities market.

5. Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and in each case multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denominations without any further rounding.

In these Terms and Conditions:

Day Count Fraction means in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms,
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the the Determination Period during which the Accrual Period ends, the sum of;
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the applicable Final Terms, the number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date (such number of days being calculated on the basis of 12 30-day months) divided by 360; and

Determination Period means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes*

(i) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date

should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, **Business Day** means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to interest payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is New Zealand dollars shall be Auckland) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open. In these Conditions, **TARGET2 System** means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as amended and updated as at the Issue Date of the first Tranche of the Notes and published by the International Swaps and Derivatives Association, Inc. (the **ISDA Definitions**) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (LIBOR) or on the Euro-zone inter-bank

offered rate (**EURIBOR**) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or, in the case of VPS Notes, the Calculation Agent (pursuant to the terms of a calculation agency agreement between the Calculation Agent and the Issuer). If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of Condition 5(b)(ii)(B)(1) above, no such offered quotation appears or, in the case of Condition 5(b)(ii)(B)(2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph, the Principal Paying Agent (in the case of Notes other than VPS Notes) or the Calculation Agent (in the case of VPS Notes) (the **Relevant Agent**), shall request each of the Reference Banks (as defined below) to provide the Relevant Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Relevant Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Relevant Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Relevant Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Relevant Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Relevant Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for the relevant Interest Period by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Relevant Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Relevant Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank

market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

In these Terms and Conditions,:

- (A) **Reference Banks** means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Relevant Agent and approved in writing by the Trustee or as specified in the applicable Final Terms; and
- (B) **Specified Time** means 11.00 a.m. (London time, in the case of a determination of LIBOR, or Brussels time, in the case of a determination of EURIBOR).

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) Minimum and/or Maximum Interest Rate

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

(iv) Determination of Rate of Interest and Calculation of Interest Amounts

The Principal Paying Agent, in the case of Floating Rate Notes which are not VPS Notes, and the Calculation Agent, in the case of Index Linked Interest Notes and Floating Rate Notes which are VPS Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes which are not VPS Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Principal Paying Agent or, in the case of either Floating Rate Notes which are VPS Notes or Index Linked Interest Notes which are VPS Notes, the Calculation Agent, will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes or Index Linked Interest Notes by applying the Rate of interest to:

- (A) in the case of Floating Rate Notes or Index Linked Interest Notes, the aggregate outstanding nominal amount of the Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the

Calculation Amount is multiplied to reach the Specified Denominations without any further rounding.

Floating Day Count Fraction means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365” (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

- (v) Notification of Rate of Interest and Interest Amounts

The Principal Paying Agent or, in the case of VPS Notes, the Calculation Agent, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Trustee and any stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and, in the case of VPS Notes, the VPS and the VPS Account Manager as soon as possible after their determination but in no event later than the first day of the Interest Period to which they apply and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or Sunday) on which banks and foreign exchange markets are open for business in London.

- (vi) Determination or Calculation by Trustee

If for any reason at any relevant time the Principal Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Principal Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(ii) above or as otherwise specified in the applicable Final Terms, as the case may be, and in each case in accordance with paragraph (b)(iv) above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be

deemed to have been made by the Principal Paying Agent or the Calculation Agent, as applicable.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(b), whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Principal Paying Agent, the Calculation Agent (if applicable), the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default and bad faith) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent or, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Dual Currency Interest Notes*

In the case of Dual Currency Interest Notes, if the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

6. Payments

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is New Zealand dollars, shall be Auckland); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

(b) *Presentation of Notes, Receipts and Coupons*

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Payments of instalments of principal (if any) in respect of definitive Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a)

above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Dual Currency Notes, Index Linked Notes or Long Maturity Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

(c) *Payments in respect of Bearer Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any bearer global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant bearer global Note (against presentation or surrender, as the case may be, of such bearer global Note if the Bearer Global Note is not intended to be issued in NGN form at the specified office of any Paying Agent). A record of each payment made against presentation or surrender of such bearer global Note, distinguishing between any payment of principal and any payment of interest, will be made on such bearer global Note by such Paying Agent to which it was presented (or in the records of Euroclear and Clearstream, Luxembourg as applicable and such record shall be *prima facie* evidence that the payment in question has been made.

(d) *Payments in respect of Registered Notes*

Payments of principal (other than instalments of principal (if any) prior to the final instalment) in respect of Registered Notes (whether in definitive or global form) will be made in the manner specified in paragraph (a) to the persons in whose name such Notes are registered at the close of business on the business day (being for this purpose a day on which banks are open for business in the city where the Registrar is located) immediately prior to the relevant payment date against

presentation and surrender (or, in the case of part payment only of any sum due, endorsement) of such Registered Notes at the specified office of the Registrar or any Paying Agent.

Payments of interest due on a Registered Note (whether in definitive or global form) and payments of instalments of principal (if any) due on a Registered Note (other than the final instalment) will be made in the manner specified in paragraph (a) to the person in whose name such Registered Note is registered (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg (or DTC as applicable) are open for business before the relevant due date and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day (being for this purpose a day on which banks are open for business in the city where the Registrar is located) (the **Record Date**)) prior to such due date. In the case of payments by cheque, cheques will be mailed to the holder (or the first named of joint holders) at such holder's registered address on the business day (as described above) immediately preceding the due date.

If payment in respect of any Registered Notes is required by transfer as referred to in paragraph (a) above, application for such payment must be made by the holder to the Registrar not later than the relevant Record Date.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for payment in such Specified Currency or conversion into U.S. dollars in accordance with the provisions of the Agency Agreement.

(e) *Payments in respect of VPS Notes*

Payments of principal and interest in respect of VPS Notes will be made to the Noteholders shown in the records of the VPS in accordance with and subject to the rules and regulations from time to time governing the VPS.

(f) *General provisions applicable to payments*

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note.

Notwithstanding the foregoing, if any amount of principal and/or interest in respect of any Bearer Note is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(g) *Payment Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

- (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) each Additional Financial Centre specified in the applicable Final Terms;
 - (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is New Zealand dollars shall be Auckland), or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open; and
 - (iii) in the case of any payment in respect of a Registered Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Note) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.
- (h) *Interpretation of Principal and Interest*
- Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:
- (i) any additional amounts which may be payable with respect to principal under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
 - (ii) the Final Redemption Amount of the Notes;
 - (iii) the Early Redemption Amount of the Notes;
 - (iv) the Optional Redemption Amount(s) (if any) of the Notes;
 - (v) in relation to Notes redeemable in instalments, the Instalment Amounts;
 - (vi) in relation to Zero Coupon Notes, the Amortised Face Amount; and
 - (vii) any premium and any other amounts other than interest which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

7. Redemption and Purchase

(a) *At maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for tax reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor an Index Linked Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note or an Index Linked Interest Note), on giving not less than 30 nor more than 60 days' notice to the Trustee and the Principal Paying Agent (or, in the case of VPS Notes, the Trustee and the VPS Account Manager) and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Trustee immediately before the giving of such notice that:

- (i) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Norway or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and

(ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee and, in the case of VPS Notes, the VPS Account Manager, a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent Kingdom of Norway accountants or legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders, the Receiptholders and the Couponholders.

Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) *Redemption at the option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i) above, notice to the Trustee and to the Principal Paying Agent or (in the case of a redemption of VPS Notes) the Trustee and the VPS Account Manager;

(which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Higher Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a global Note, and in accordance with the rules of the VPS, in the case of VPS Notes, in each case not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least 5 days prior to the Selection Date.

(d) *Redemption at the option of the Noteholders (Investor Put)*

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant provisions will be set out in applicable Final Terms.

To exercise the right to require redemption of this Note the holder of this Note must deliver at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent

falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition accompanied by, if this Note is in definitive form, this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. Holders of Notes represented by a Global Note and held through Euroclear or Clearstream, Luxembourg or DTC must exercise the right to require redemption of their Notes by giving notice (including all information required in the applicable Put Notice) through Euroclear or Clearstream, Luxembourg or the DTC, as the case may be (which notice may be in electronic form) in accordance with their standard procedures.

If this Note is a VPS Note, to exercise the right to require redemption of the VPS Notes, the holder of the VPS Notes, must, within the notice period, give notice to the relevant account operator of such exercise in accordance with the standard procedures of the VPS from time to time.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 10, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph.

(e) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 10, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of Notes (other than Zero Coupon Notes but including Instalment Notes and Partly Paid Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual yield expressed as a decimal; and

y is a fraction of the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Final Terms.

(f) *Instalments*

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) *Partly Paid Notes*

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(h) *Purchases*

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer, (in the case of Notes other than VPS Notes) surrendered to any Paying Agent for cancellation or in the case of VPS Notes, cancelled by causing such VPS Notes to be deleted from the records of the VPS.

(i) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Principal Paying Agent or, in the case of VPS Notes, shall be deleted from the records of the VPS, and in each case cannot be reissued or resold.

(j) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Principal Paying Agent or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 14.

8. Taxation

8.1 *Taxation provisions applicable to Notes other than VPS Notes*

All payments of principal and interest in respect of the Notes, Receipts and Coupons and under the Trust Deed by the Issuer will be made free and clear of, and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Kingdom of Norway or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with the Kingdom of Norway other than the mere holding of such Note, Receipt or Coupon; or
- (ii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6(g)); or
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or

- (iv) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used herein **Relevant Date** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent or the Trustee or, in the case of VPS Notes, the holders of the VPS Notes, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

8.2 *Taxation provisions applicable to VPS Notes*

All payments of principal and interest in respect of the VPS Notes under the Trust Deed by the Issuer will be made free and clear of, and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of VPS Notes after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the VPS Notes in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any VPS Note in respect of a holder who is liable for such taxes or duties in respect of such VPS Notes by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such VPS Notes.

As used herein **Tax Jurisdiction** means the Kingdom of Norway or any political subdivision or any authority thereof or therein having power to tax.

9. **Prescription**

The Notes, Receipts and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor, subject to the provisions of Condition 6(b).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

- (c) if any other indebtedness for borrowed money of the Issuer or any Principal Subsidiary becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer or any Principal Subsidiary fails to make any payment in respect of any other indebtedness for borrowed money on the due date for payment as extended by any originally applicable grace period or any security given by the Issuer or any Principal Subsidiary for any other indebtedness for

 - (f) if (i) proceedings are initiated against the Issuer or any Principal Subsidiary under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made for the appointment of an administrative or other receiver, manager, administrator or other similar official, or an administrative or other receiver, manager, administrator or other similar official is appointed, in relation to the Issuer or any Principal Subsidiary or, as the case may be, in relation to the whole or a part of the undertaking or assets of any of them, or an encumbrancer takes possession of the whole or a part of the undertaking or assets of any of them, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or a part of the undertaking or assets of any of them and (ii) in any case (other than the appointment of an administrator) is not discharged within 60 days; or if the Issuer or any Principal Subsidiary initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors).

Enforcement

The Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Trust Deed, the Notes, the Receipts and the Coupons, but it shall not be bound to take any such proceedings or any other action in relation to the Trust Deed, the Notes, the Receipts or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-fifth in nominal amount of the Notes then outstanding and (ii) it shall have been indemnified and/or secured to its satisfaction.

subsidiary of the Issuer acquired after the end of the financial period to which the then latest audited consolidated accounts of the Issuer and its subsidiaries relate, the reference to the then latest audited consolidated accounts of the Issuer and its subsidiaries for the purposes of the calculation above shall, until consolidated accounts for the financial period in which the acquisition is made have been prepared and audited as aforesaid, be deemed to be a reference to such first-mentioned accounts as if such subsidiary had been shown in such accounts by reference to its then latest relevant audited accounts, adjusted as deemed appropriate by the Issuer;

- (b) to which is transferred the whole or substantially the whole of the undertaking and assets of a subsidiary of the Issuer which immediately prior to such transfer is a Principal Subsidiary, provided that the transferor subsidiary shall upon such transfer forthwith cease to be a Principal Subsidiary and the transferee subsidiary shall cease to be a Principal Subsidiary pursuant to this subparagraph (b) on the date on which the consolidated accounts of the Issuer and its subsidiaries for the financial period current at the date of such transfer have been prepared and audited as aforesaid but so that such transferor subsidiary or such transferee subsidiary may be a Principal Subsidiary on or at any time after the date on which such consolidated accounts have been prepared and audited as aforesaid by virtue of the provisions of subparagraph (a) above or, prior to or after such date, by virtue of any other applicable provision of this definition; or

11. Replacement of Notes, Receipts, Coupons and Talons

16. Indemnification of the Trustee and Trustee Contracting with the Issuer

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any of its subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any of its subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, Receiptholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

17. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

18. Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

DESCRIPTION OF THE GROUP

Introduction

Statkraft AS (**Statkraft**) and its subsidiaries (collectively the **Statkraft Group** or the **Group**) is the third largest producer of electricity in the Nordic region. Statkraft is Europe's largest producer of renewable energy. Statkraft's generation capacity is based on 81 per cent. hydropower, 14 per cent. gas power, 3 per cent. district heating/bio and 2 per cent. wind power. As of 2010 71 per cent. of the capacity is located in Norway, 10 per cent. in the Nordic region outside Norway, 14 per cent. in Europe outside the Nordic region, and 5 per cent. outside Europe.

The Group engages in power trading from offices in the Nordic region and on the Continent. In addition, Statkraft holds major stakes in several utilities companies in Norway, as well as a 4.17 per cent. stake in E.ON AG (**E.ON**). Through a majority shareholding in Statkraft Norfund Power Invest AS (**SN Power**), Statkraft is investing in hydropower in emerging markets outside Europe.

Statkraft is a limited liability company, wholly owned by the Kingdom of Norway represented by the Ministry of Trade and Industry through the holding company Statkraft SF.

In 2010 the Group reported net profits of NOK 7,451 million and NOK 29,252 million in gross operating revenues. Physical spot sales in the wholesale power market accounted for 50.2 per cent. of the sales revenues, while the remaining came from regulated power sales to municipalities and the industry (6.6 per cent.), unregulated bilateral contracts on commercial terms (11.0 per cent.), hedging and trading activities (3.3 per cent.), distribution grid activities (5.1 per cent.), retail electricity sales (21.5 per cent.) and district heating (2.3 per cent.).

Statkraft is registered in the Register of Business Enterprises, Brønnøysund Register Center. Statkraft was incorporated on 25 June 2004 with organisation number 987 059 699. The Head Office address of Statkraft is:

Statkraft history

Historically, the business of the Statkraft Group was carried out through a business unit within a governmental directorate; the Norwegian Water Resources and Energy Directorate. Until 1991, there were few commercially operated private companies in the Norwegian electricity sector, which was highly regulated. In 1991, the Energy Act dated 29 June 1990, no. 50 was introduced, which divided the electricity sector into two separate areas; distribution grid infrastructure, with monopoly control, and electricity production and sales, which became fully deregulated. Through the new legislation, a well functioning domestic – and later Nordic – market for power production and trading was established, giving a framework for a more flexible and efficient utilisation of Norway's hydropower resources.

In order to comply with the new legislation, the business of the former Statkraft was split into two separate companies in 1992, with the state-owned enterprise Statkraft SF assuming responsibility for generation and sales. The distribution grid operations was organised in the state-owned enterprise Statnett SF. Through the establishment of Statkraft SF, the Norwegian Government founded a company with the aim and potential to successfully compete both in the Norwegian and the international electricity markets, with an ambition to further develop and strengthen this important part of Norwegian infrastructure.

Effective as of 1 January 2003 the State-owned Enterprise Act was changed with a view to removing the implicit state guarantees embodied therein. The amendment to the State-owned Enterprise Act (*Lov om endring i lov av 30. august 1991 om statsforetak*), was in accordance with directives relating to state aid given by the ESA (EFTA Surveillance Authority). Statkraft SF was later reorganised by way of transferring substantially all of the business, assets and liabilities to the limited liability company Statkraft and its subsidiaries on 1 October 2004, thus making Statkraft the operating holding company and the financial vehicle of the Statkraft Group.

The Statkraft Group continues the business activities previously organised under Statkraft SF. All shares in Statkraft are owned by the state-owned enterprise Statkraft SF, which in turn is owned by the Norwegian state through the Ministry of Trade and Industry.

Statkraft's business has evolved through several stages since 1992. The very first years were characterised by low investment activity and a high focus on market orientation. From 1996 to 2002 the company accomplished a considerable expansion through acquiring stakes in several Norwegian utilities in addition to a large stake in the Swedish utility Sydkraft AB (currently E.ON Sverige AB). At the same time, the arbitrage and trading business was expanded through the establishment of companies in Holland, Germany and Sweden. From 2003 the Statkraft Group sold out certain Norwegian ownership stakes, while acquiring hydropower generation assets in Sweden and Finland, and constructing wind power generation in Norway and gas-fired generation plants in Norway and Germany. Through an asset swap with E.ON in 2008, Statkraft acquired ownership of a significant portfolio of generation assets in Sweden, Germany and the United Kingdom together with a shareholding in E.ON. In January 2009, Statkraft became the majority shareholder in SN Power through an increase in ownership from 50 per cent. to 60 per cent.

The European electricity market

Statkraft's revenues are significantly driven by the spot prices on the Nordic power exchange Nord Pool, European Energy Exchange (**EEX**) in Germany and other European power exchanges. The prices are strongly impacted by fuel prices, CO₂ allowance prices, energy demand from the industry and households, hydrological balance, precipitation and temperature and transmission capacity.

Risk management

The key risk factors for Statkraft relate to market operations, financial management, operating activities and framework conditions. Risk management is an integrated part of all business activities.

Statkraft manages volume and price risk by trading in physical and financial instruments in several markets. The increased integration of the energy markets is of great significance for business models and risk management, and great emphasis is placed on seeing the different markets in an overall context. Internal authorisations and limits have been established for all trading, and these are subject to continuous follow-up.

The central treasury department coordinates and manages the financial risk associated with foreign currencies, interest rates and liquidity. The most important instruments in managing this area are forward currency contracts, interest swap agreements and forward interest agreements. Foreign exchange and interest rate risk are regulated through mandates. Furthermore, limits have been established for liquidity and counterparty risk.

Both market risk and the other financial risk, as well as exposure connected to the issued mandates, are followed up by independent middle office functions, and are regularly reported to Group management and the board.

All processes in the value chain are exposed to operational risk, but the risk is greatest within project execution and operations. The operational risk is mainly handled by means of detailed procedures, emergency continuance plans and insurance. A comprehensive system has also been established to map, record and report unsafe conditions, undesirable incidents and injuries, and these are continuously analysed.

Statkraft's strategic priorities

Increased need for clean energy creates business opportunities for Statkraft. The strategic platform aims for growth in;

- European flexible power production and market operations
- International hydropower
- Wind power in Norway, Sweden and the UK
- District heating and small-scale hydro in Norway

In addition to these areas, Statkraft will continue to support a sound development in the regional companies in Norway where Statkraft has ownership interests. Furthermore, the innovation strategy has been amended to strengthen Statkraft in the growth areas.

Statkraft's strategy is based on an evaluation of the market's attractiveness and Statkraft's ability to create value. In December, Statkraft received NOK 14 billion in new equity from the owner to implement the Group's strategy.

The premise for the strategy is that business development, construction and operation of power plants must be based on high health, safety and environment standards. The planned activities in emerging markets outside of Europe contribute to increased challenges in connection with corruption, health, safety and the environment as well as upholding Statkraft's corporate social responsibilities. These challenges must be handled in a satisfactory manner in order to create value.

European flexible power production and market operations

Statkraft's ambition in European flexible power production is to maintain its position as Europe's largest producer of hydropower and to be an important supplier of flexible power production to Europe.

On the basis of fundamental market analysis and a well-defined business model, Statkraft seeks to exploit the power plants' flexibility to produce electricity when commercially attractive and the need for power is greatest. Statkraft will prioritise modernisation and expansion, as well as further development of expertise, models and systems to ensure efficient operations and increased creation of value from existing hydro and gas-fired power plants. Statkraft furthermore seeks to increase profitability and reduce risk through the Group's market operations.

Statkraft will consider portfolio optimisation and selective investments in hydropower in north-western Europe. The Group will prioritise hydropower in the Nordic region, Germany, France and the UK. The market outlook for north-western Europe is uncertain due to expectations of low or possibly negative growth in demand and considerable increase in renewable energy production. Statkraft will therefore place an emphasis on understanding the consequences for the future power balance, power prices and the value of flexible power production.

International hydropower

Statkraft has a global strategy for development of hydropower with ambitions to strengthen the Group's position in attractive emerging markets. Statkraft invests in international hydropower both directly and through the subsidiary SN Power. The strategy for international hydropower is based on expected economic growth in selected markets, increased need for clean energy as well as a large potential for hydropower. Statkraft and SN Power have sound expertise related to development and production of hydropower which can form the basis for creation of value in new markets.

Statkraft is developing hydropower production in the Turkish market, and is considering solutions for the development of the Devoll project in Albania together with the Austrian company EVN. SN Power prioritises development of hydropower in Peru, Chile, Nepal, India and the Philippines, where it already owns production capacity. SN Power is also seeking investment opportunities in Vietnam and Brazil. SN Power AfriCA, a subsidiary of SN Power, is considering investment opportunities in southern Africa and in Central America. SN Power normally seeks to invest in partnership with local interests or international investors.

Wind power

Statkraft's ambition is to establish a position among the most profitable and cost-effective players in the industry within onshore wind power in Norway and Sweden. As regards offshore wind power in the UK, Statkraft's ambition is to develop a future attractive position.

The wind power market in Europe is considered to be attractive due to the rising need for new renewable energy production in Europe. Public subsidy schemes and reduced costs for wind power are necessary to achieve satisfactory profitability. Statkraft has a large project portfolio in Norway and Sweden. Statkraft will prioritise the work to secure binding licenses, establish cost-effective solutions within development, operation and maintenance and strengthen its wind analysis expertise. In the UK, Statkraft's goal is to consolidate the existing land-based project portfolio.

Within offshore wind power, Statkraft owns Sheringham Shoal 50-50 with Statoil. The project is scheduled for completion in 2012. The Group also develops projects on the Dogger Bank in the UK up to the license stage in cooperation with partners. The investment decisions for the projects on the Dogger Bank will be made at a later point in time.

District heating and small-scale hydro

Statkraft's ambition is to further develop profitability, strengthen its position as one of the two largest district heating players in Norway and realise growth outside existing license areas. In Sweden, Statkraft plans further development of existing plants, but has no ambitions regarding growth in new areas.

Statkraft's ambition within small-scale hydropower production in Norway is to grow through industrial ownership in Småkraft AS. Småkraft invests in and builds small-scale hydropower plants in partnership with local landowners. Småkraft AS is owned by Statkraft (40 per cent), Skagerak Energi (20 per cent), BKK (20 per cent) and Agder Energi (20 per cent).

Organisation

The organisational structure shall accommodate the major changes arising from increased growth and internationalisation. The Group reports in accordance with how the Group management makes, follows up and evaluates its decisions. The segment structure is presented on the basis of the internal management information which the management periodically reviews and uses for resource allocation and goal attainment.

In 2010 Statkraft's business was organised into six segments – as described below – Generation and Markets, Wind Power, Emerging Markets, Skagerak Energi, Customers and Industrial Ownership. Minor and special areas are allocated to the group Other.

The key figures from the consolidated income statement and balance sheet are set out below, divided by segment. Items in the income statement are allocated in descending order until "Profit before financial items and tax". Group financing and taxes are not allocated to the individual segments, and the business segments are monitored based on Profit before financial items and tax, as well as key performance indicators.

Generation & Markets

Generation and Markets is the largest of these segments and is responsible for operation and maintenance of hydropower plants and gas-fired power plants in Europe, as well as physical and financial energy trading and energy-related products in Europe.

The production assets are generally flexible and include 182 wholly and partly owned hydropower plants, five gas power plants and two biomass plants. The total installed capacity is 12,963 MW. In addition to own power generation, extensive trading is carried out in standardised and structured power contracts, gas, coal, oil and carbon quotas. Statkraft owns a 600 MW subsea cable between Sweden and Germany through the company Baltic Cable AB. Baltic Cable became wholly owned from 1 January 2011.

The Generation and Markets segment generated 49.9 TWh during 2010.

Wind Power

The Wind power segment is responsible for the development, construction, operation and ownership follow-up of onshore and offshore wind farms in Norway and Europe. Responsibility for development and commercialisation of offshore wind power technology also rests with the segment. Development and construction projects are currently being implemented in Norway, Sweden and the United Kingdom. The segment has four wind farms in operation, Smøla, Hitra and Kjøllefjord in Norway and Alltvalis in the UK. The combined installed capacity of these wind farms is 268 MW. Further investments in wind power in Norway take place through the company Statkraft Agder Energi Vind DA, where Statkraft owns 62 per cent and Agder Energi 38 per cent.

Total production for the wind farms in 2010 amounted to 0.6 TWh.

Emerging Markets

The Emerging Markets segment is responsible for the management and further development of ownership positions outside of Europe, and currently consists of the shareholding in SN Power, where Norfund owns the remaining 40 per cent. In addition, Theun Hinboun Power Company (**THPC**) (20 per cent shareholding) is managed on behalf of Statkraft SF. THPC is not included in the segment's financial figures. At the end of last year, SN Power had ownership interests in 19 hydropower plants in South America and Asia, as well as in one wind farm and one gas power plant in South America. The power plants have a total installed capacity of 822 MW (SN Power's percentage). In addition, SN Power owns, alone or together with partners, three power plants totalling 300 MW (SN Power's percentage) under construction and rehabilitation. THPC owns one 210 MW hydropower plant which will be upgraded to 220 MW, and has two further hydropower plants with a combined installed capacity of 280 MW under construction in Laos.

The segment's share of production for 2010 in the power plants in Chile, Peru, India, Nepal, Sri Lanka and the Philippines was 2.9 TWh.

Skagerak Energi

The Skagerak Energi group constitutes a separate segment. The business is concentrated around the production of power, district heating operations, distribution grid operations, electrical entrepreneur activities and natural gas distribution.

The company is owned by Statkraft (66.6 per cent shareholding) and the local authorities in Skien (15.2 per cent), Porsgrunn (14.8 per cent) and Bamble (3.4 per cent). The production assets comprise 45 wholly and partly owned hydropower plants with a total installed capacity of 1,314 MW. The company has about 181,000 distribution grid customers.

Total power production in 2010 was 5.0 TWh.

Customers

The Customers segment consists of the district heating activities in Norway and Sweden. In total, the district heating system in Trondheim and Klæbu produced about 600 GWh with an installed capacity of 297 MW. In Norway, about 640 commercial customers and about 8,000 households are supplied with district heating. In Sweden, the segment produces about 400 GWh with an installed capacity of 211 MW of district heating. In Sweden, district heating is supplied to about 1,500 customers. The segment also covers property management activities.

Industrial ownership

The Industrial ownership segment is responsible for management and development of Norwegian shareholdings. The segment comprises the companies Fjordkraft, BKK (49.9 per cent shareholding) and Agder Energi (45.5 per cent shareholding). The former company is included in the consolidated financial statements, while the other two companies are reported as associates.

Fjordkraft is owned by Statkraft (3.15 per cent), Skagerak Energi (48.0 per cent) and BKK (48.85 per cent).

Other

Areas not shown as separate segments are presented under the heading Other. This includes the business units Southeast Europe Hydro, Solar Power, Small-Scale Hydro, Innovation and Growth, along with the 4.17 per cent shareholding in E.ON AG, and Group functions and eliminations.

Implementation of revised strategies

The Group has adopted a new segment structure from 1 January 2011. The new segments are Nordic hydropower, Continental energy and trading, International hydropower, Industrial ownership, Wind power and District heating to be implemented in the Issuer's 2011 financial reporting.

Important events 2010

The capital situation

In December, Statkraft's owner injected NOK 14 billion in new equity. This provides solid support for the company's strategy, and makes it possible to reinforce the investments in environmentally friendly and flexible power production in Norway and abroad.

In January 2011, a new revolving credit facility of NOK 12 billion was signed. The facility replaces existing facilities totalling NOK 8 billion.

Long-term agreements with the power-intensive industry

In 2010, Statkraft entered into long-term power agreements with Elkem, Norske Skog and Finnfjord Smelteverk. In total, these contracts involve an annual volume of 3 TWh. At the beginning of 2011, Statkraft had a contract portfolio of about 14 TWh per year in long-term power agreements. These agreements are in addition to leased-out power plants and energy service agreements with the industry.

Growth in Norway

The Group has a large number of projects underway in Norway. This includes maintenance of existing plants, as well as capacity increases. In total, these investments amounted to NOK 1.9 billion in 2010.

Investments are made in the grid activities in Skagerak Energi, as well as in the Group's hydropower plants. The largest investments are in connection with Eiriksdal and Makkoren, Nedre Røssåga and Svartisen. Svartisen is expected to start operation in the summer of 2011, while the two others will be commissioned in 2013 and 2017, respectively. In total, these investments will increase the Group's installed capacity by 259 MW (Statkraft's share), and the expected added production is 143 GWh per year.

Both the district heating business, operated through the Customers segment, and the district heating activities in Skagerak Energi are going through a growth phase. Investments are made both in the new district heating grid, upgrading of existing plants and in new production capacity. The Customers segment invested a total of NOK 184 million in district heating in Norway and Sweden in 2010, and the largest projects are related to grid development, new capacity in Harstad as well as upgrading existing plants. Construction stage 1 in Harstad will have an installed capacity of 24 MW when completed in January 2012, and expected production will increase from about 10 GWh in 2012 to about 50 GWh in 2015. Skagerak Energi invested a total of NOK 69 million in district heating in 2010, and the investments relate to plants in Tønsberg, Horten and Skien. When completed, these plants will have an installed capacity totalling 82.5 MW, and expected production is 173 GWh.

In December, Norway and Sweden signed a protocol relating to a common market for green electricity certificates from 2012. The objective is to achieve the development of 26.4 TWh of renewable energy in the period leading up to 2020. To Statkraft, this means that development of wind and hydropower becomes more likely.

International growth

Over the course of 2010, the Group has consolidated its international position. New plants have come online in Turkey, India and Chile. Overall, the Group's production capacity outside of Norway increased by 180 MW with an expected annual production of about 745 GWh in 2010 (Statkraft's share). Furthermore, a decision has been made to make major investments both in and outside of Europe, for a total of NOK 10.4 billion and a total installed capacity of 880 MW. Planned maintenance investments come in addition.

Cakit, the Group's first hydropower plant in Turkey, came online in June. The intalled capacity is 20 MW and the expected annual production is 95 GWh. In November, a decision was made to invest in a new hydropwer plant, Kargi, north-east of Ankara. The power plant, scheduled for completion in late 2013/early 2014, will have an installed capacity of 102 MW and a planned annual production of about 470 GWh. The investment has a ceiling of NOK 2 billion.

In the third quarter, the hydropower plants Allain Duhangan in India (192 MW and 43 per cent shareholding) and La Higuera in Chile (155 MW and 50 per cent shareholding) came online, and these projects will be completed in 2011. A decision has been made to build the Cheves hydropower plant in Peru. The investment has a ceiling of about NOK 2.4 billion. The plant will have an installed capacity of 168 MW and an expected annual production of 834 GWh. Completion is expected in late 2013/early 2014.

Early in 2010, a decision was made to develop the Em wind farm in Sweden. The farm, with an installed capacity of 9 MW, started trial operations in January 2011. The Group has received several licenses for additional development of wind power in Sweden.

Statkraft is involved in several wind power projects in the UK. At the end of 2009, the Forewind consortium, where Statkraft owns 25 per cent, was awarded the rights to develop the Doggerbank offshore wind farm. The zone, which is the largest in the third licensing round in the UK, has a potential of 9000 MW. The foundation work for the Sheringham Shoal offshore wind power project started in June. Statkraft owns 50% and the Group's share of the investment is about NOK 5 billion. The project will have an installed capacity of 315 MW.

In the third quarter a decision was made to expand the gas power production at Knapsack outside of Cologne in Germany. The new plant, which will be ready for carbon capture and storage will have an installed capacity of 430 MW. The power plant is scheduled for completion in July 2013, and the investment has a ceiling of about NOK 3 billion. Statkraft plans no additional capacity growth within gas power in the next few years.

In October 2010, Statkraft entered into an agreement with E.ON to aquire the remaining shares (33.3 per cent) in Baltic Cable with accounting effect from 1 January 2011. The 600 MW subsea cable between Sweden and Germany is thus now wholly owned.

Sales of activities

As part of the focusing of the strategy, Trondheim Energi Nett was sold in the second quarter. Solar power has also been defined as being outside the focus areas and the shares in Ral, the owner of the Casale solar park in Italy, were sold in December 2010.

Material contracts

Leased out capacity of Rana power station in northern Norway

The Statkraft Group has leased out 65 per cent. of the production capacity of Rana power station to a Finnish consortium (Etelä-Pohjanmaan Oy (EPV) and Kymppivoima Tuatano Oy (KV)) for the period 2005-2020. The installed capacity of Rana power station is 500 MW with an approximate annual production of 2 TWh. The buyer paid NOK 2.2 billion in 2004 and will pay an annual operation and maintenance fee of NOK 65 million and 65 per cent. of recurrent tax costs.

Statutory-priced contracts

Statkraft has a statutory obligation to supply power-intensive industrial customers and the wood processing industry at prices set by the Norwegian Parliament, as well as obligations to supply power to local authorities at concessionary prices. The total volume for these contracts amounted to 7.9 TWh and 2.2 TWh respectively in 2010. The average statutory prices were below the market price. The majority of statutory-priced contracts with industrial customers expired in 2010 and in 2011 the contract volume has

fallen to 0.9 TWh. There is no expiry date for the obligation to supply power to local authorities at concessionary prices.

Statkraft offers long-term contracts based on commercial terms and conditions to replace existing statutory-priced contracts. Statkraft already covers the long-term power requirement of several Norwegian, Swedish and Finnish industrial companies. At the beginning of 2011, these contracts amounted to 14 TWh. In addition, Statkraft offers a solution to the power-intensive industry for short-term trading solutions in the Nordic region called Energy service. In Statkraft's total short-term industrial portfolio, power-intensive companies have entered into energy service agreements.

MANAGEMENT OF THE ISSUER

Board of Directors

The board of directors is elected for a term of two years and must, according to Statkraft's articles of association, consist of a minimum of seven and a maximum of nine members. Currently, Statkraft's board has nine directors, of which six are shareholder representatives selected by the Ministry of Trade and Industry. The composition of the board aims at achieving continuity and diversity with respect to industrial understanding, professional background, geographical representation, gender, independence and impartiality. In agreement with employee representatives, the company has no Corporate Assembly. Three of the sitting board's nine members have been elected by and among the Group's employees.

The board has the ultimate responsibility for the performance of the company. The board shall ensure that the business is run in accordance with the company's objectives, Articles of Association and the guidelines established by the general meeting and ensure that it is adequately organised to meet its obligations. The board shall keep itself informed of the company's financial position and ensure that the company's activities, financial statements and asset management are subject to satisfactory controls. This also involves supervising management's day-to-day operation of the company and its business activities in general. The board must issue the necessary guidelines with respect to the business and its management, and must approve the company's strategy, financial plans and annual results. The board has drawn up a mandate which provides guidelines for the board's working practices and decision-making procedures. This mandate also defines the chief executive's duties and obligations at large and in relation to the board. The board evaluates its performance and its competence on an annual basis.

Statkraft's principles for corporate governance clarify the relative roles of Statkraft's owner, board of directors and management. Two board committees have been set up; an audit committee and a compensation committee.

Chief executive

The chief executive of Statkraft is appointed by the board of directors. The chief executive is responsible for the day-to-day operation of the company, including its asset management and consolidated financial results. The chief executive is responsible for the organisation of the Statkraft Group. Matters of

significant importance or of an unusual nature must be laid before the board. The board evaluates the chief executive's performance and competence on an annual basis.

Governing bodies

The Kingdom of Norway, embodied in the Ministry of Trade and Industry, exercises its shareholder's rights through Statkraft SF's corporate meetings. Statkraft SF exercises its shareholder's rights through Statkraft's general meetings, but votes in accordance with the instructions given by Statkraft SF's corporate meetings. The chair of Statkraft SF's board of directors and the company's other directors hold the same positions in Statkraft. The two companies' boards of directors are therefore identical.

External auditor

The external auditor of Statkraft is elected in the shareholders' meeting. The external auditor is responsible for auditing the accounts and financial statements of Statkraft. Where practical and where Statkraft has the authority to decide such matters, the same auditing company shall be used for all subsidiaries within the Group. With respect to partly owned companies, the auditor is selected in consultation with the other shareholders. The board of directors meets with the auditor to review the annual financial statements and otherwise as required. The auditor reports in writing to the board at least once a year. The board of directors evaluates the auditor's independence and defines guidelines for the use of the external auditor for consultancy purposes.

With effect from the 2004 financial year, Deloitte AS is the external auditor of Statkraft and the Statkraft Group.

Internal auditing and compliance officer

An internal auditing function (**Corporate Audit**) assists management and the board by providing an independent and impartial evaluation of the company's risk management and control mechanisms. Corporate Audit contributes to the continuous improvement of internal management and control systems. The board of directors approves the overall guidelines for Corporate Audit.

The chief executive is responsible for appointing the head of Corporate Audit, and for day-to-day administrative contact with the same. Group management approves an annual auditing plan which is presented to the board. Corporate Audit provides group management with half-yearly reports. The board reviews the annual internal auditing report and the internal auditing plan for the coming year in the presence of the head of Corporate Audit. The head of Corporate Audit has a right and a duty to address the board either in person or in writing if he or she wishes to discuss a particular issue with the board of directors.

Group principles and procedures for ethical business operation are established in accordance with business principles and principles for corporate governance, and apply to all employees and to everyone who acts on behalf of the Group. The head of Corporate Audit performs the function of adviser on ethical issues and notification body for unethical or illegal matters. Business Units and Support Units can choose to appoint Compliance officers.

The Group's management system

The Group has established a management system that describes the way in which the Group manages its activities and the internal frameworks within which employees shall act in their daily work. The management system brings together all the governing documents, from the Articles of Association to the various descriptions of processes, procedures and projects. The management system provides an important basis for risk management, internal control procedures and improvement work. The structure of governing documents provides a basis for securing quality and efficiency in daily operations, as well as in reporting to the company's management, the board of directors and capital markets.

Control system for Management

Management reporting is based on scorecards and key performance indicators (**KPI**) which highlight the value drivers that influence the company's earnings and net worth. Tangible goals for KPI that underpin the value drivers are set by the Board.

The Group scorecards form the core of the company's operational management, supplemented by tools, such as forecasts, target cost figures, authorisations and trend analyses. The scorecard's value drivers are

broken down into detailed KPIs corresponding to the business areas' scorecards. A system has been established to implement corrective measures when performance falls short of the targets set.

KPIs are linked to the compensation system for employees. Cost control is ensured through specially developed targets for the costs that are within the company's control.

An authorisation system ensures approval and control of individual transactions. A quality assurance system covering all major investments has been established and material investments are submitted for review by Statkraft's investments committee. To ensure a sound basis for financial planning and the coordination of resources, Statkraft prepares monthly forecasts for the current financial year and the following 12 months.

BOOK-ENTRY CLEARANCE SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the **Clearing Systems**) currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer believes to be reliable, but none of the Issuer, the Trustee or any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Trustee or any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

Book-entry Systems

DTC

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a “banking organisation” within the meaning of the New York Banking Law, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants (**Participants**) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**Indirect Participants**).

Under the rules, regulations and procedures creating and affecting DTC and its operations (the **Rules**), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC’s book-entry settlement system (**DTC Notes**) as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes (**Owners**) have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC’s records. The ownership interest of each actual purchaser of each DTC Note (**Beneficial Owner**) is in turn to be recorded on the Direct and Indirect Participants records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Notes, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under "*Notice to Purchasers and Holders of Restricted Notes and Transfer Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships, Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system,

The Issuer will apply to DTC in order to have each Tranche of Notes represented by Registered Global Notes accepted in its book-entry settlement system. Upon the issue of any Registered Global Notes, DTC or its custodian will credit, on its internal book-entry system, of the individual beneficial interests represented by such Registered Global Notes to the accounts of persons who have accounts with DTC. Such on behalf of the relevant Dealer. Ownership of beneficial Global Note will be limited to Direct Participants or Indirect Participants, including the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Note registered in the name of DTC's nominee will be made to the order of such nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC's nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Notes in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the Issuer.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "*Notice to Purchasers and Holders of Restricted Notes and Transfer Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian (**Custodian**) with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Trustee, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect

participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

TAXATION

Norwegian Taxation

The information provided below gives an overview, but does not purport to be a complete summary, of Norwegian tax law and practice currently applicable. It is recommended that prospective investors consult with their own professional advisers as to their individual tax situation.

Payments of principal and interest on the Notes to persons or legal entities who have no connection with Norway other than the holding of Notes issued by the Issuer are, under present Norwegian law, not subject to any withholding or deduction for or on account of any Norwegian taxes, duties, assessments or Governmental charges.

Gains or profits realised on the sale, disposal or redemption of the Notes by persons or legal entities who have no connection with Norway other than the holding of Notes are under present Norwegian law, not subject to Norwegian taxes, duties, assessments or Governmental charges.

No Norwegian issue tax or stamp duties are payable in connection with the issue of the Notes.

Holders of Notes will not be subject to any Norwegian estate duties provided that, at the time of the death of any Noteholder, such Noteholder has no connection with Norway other than the holding of the Notes and provided that the Notes have not been used in or attached to any business activity operated through a permanent establishment situated in Norway.

Holders of Notes resident in Norway for tax purposes will be subject to Norwegian income taxation on interest and capital gains at the applicable rate. The same applies to other legal entities that are subject to taxation in Norway (including, but not limited to individuals and legal entities having a permanent establishment in Norway provided that the Notes are used in or connected with any business activity operated through such permanent establishment). In such cases, interest and gains or profits realised by such persons or legal entities on the ownership, sale, disposal or redemption of the Notes will be subject to Norwegian taxation at the applicable rate.

Holders of Notes issued at a discount (compared to the nominal value) being resident in Norway for tax purposes, or otherwise subject to taxation through a permanent establishment in Norway, may be taxed annually for a deemed interest element on such Notes.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

SUBSCRIPTION AND SALE

The Dealers have in a programme agreement dated 26 May 2011 (the **Programme Agreement**) agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*” above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S or pursuant to an exemption from the registration requirements of the Securities Act.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period (other than pursuant to Rule 144A) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding paragraph and in this paragraph have the meanings given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Notwithstanding the foregoing, Dealers nominated by the Issuer may arrange for the offer and sale of Registered Notes in the United States pursuant to Rule 144A under the Securities Act. Each purchaser of such Notes is hereby notified that the offer and sale of such Notes may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A. In addition, pursuant to the terms of the Programme Agreement, Definitive Registered Notes may be offered and sold in the United States to Institutional Accredited Investors pursuant to Section 4(2) of the Securities Act or in a transaction otherwise exempt from registration under the Securities Act. See “*Notice to Purchasers and Holders of Restricted Notes and Transfer Restrictions*” above.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each issue of Index Linked Notes and Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer shall agree as a term of the issue and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Final Terms. Each relevant Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offer contemplated by this Offering Circular as completed by the Final Terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and

including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive (and in respect of Norwegian investors, if such investors are otherwise registered as professional investors with the Oslo Stock Exchange (Oslo Børs));
- (b) at any time to fewer than 100 or, if the relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining such prior consent of the relevant Dealer or Dealers nominated by the relevant issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement to a prospectus pursuant to Article 16 of the Prospective Directive.

For the purposes of this provision, the expression an **offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression **2010 PD Amending Directive** means Directive 2010/73/EU.
